The Podere Conca 2021 Elleboro Bianco is a blend of 70% Viognier, 20% Chardonnay and 10% Sauvignon Blanc that only sees stainless steel. The bouquet is floral and perfumed with white rose and star jasmine, and you also get some tropical tones with passion fruit and papaya. As it warms in the glass, you get a hint of eucalyptus essence. The grapes come from a 0.8-hectare plot positioned at 50 to 80 meters in elevation with sandy, iron-rich soils. These near sea-level growing conditions contribute to the wine's soft texture. Production is 6,000 bottles.
